SENTINEL June 2018

Letter from the Board

Greetings again neighbors, and happy Summer Solstice to everyone. It is officially summer here in Stoney-brooke and it's great to see the neighbors out enjoying this nice weather. Congrats to all the teachers we have in the neighborhood who wrapped up another school year, make the most of your summer!

In May, there was a great turn out for the Stoneybrooke potluck and cookout. We cannot send out enough thanks to everyone who contributed, especially the residents of Old Quarry Terrace for offering up their culde-sac, the neighbors who helped coordinate having Penn Daw Fire Station crew visit with their engine, and all the neighbors who shared food, beverages, and activities. We look forward to doing something similar this fall.

Please take a look at the upcoming SCA events and other local area highlights for some fun things to do this summer. We will have a formal community meeting again in September, so keep an eye out for upcoming agenda and a guest speaker. September will also mark our new fiscal year, so if you are a member, please consider renewing your membership for FY19. If you're not yet a member, but would like to be, you can find the membership form attached to this sentinel. Voluntary membership is a low fee of \$20.00 and enables the SCA to facilitate community events such as block parties and holiday events (children's Halloween parade and an Easter Egg hunt), operate and maintain our online presence (http://www.stoneybrooke.org), as well as maintain all appropriate local and federal licenses.

And as always, for anyone looking to pitch in, we welcome your participation. The SCA functions solely on volunteers and we invite both new and long-time residents. Current vacancies include a board position (Vice Chair), event planners, Sentinel content managers, and neighborhood watch coordinators. If you are interested in volunteering for a position or helping in some other way, please reach out to the board at scaboard@stoney-brooke.org or via our website at www.stoneybrooke.org/contact-us/.

Upcoming Community Events

Gum Springs Celebrating its 185th Anniversary

Saturday, June 23rd 11am-5pm

The Gum Springs Community Day & Parade kicks off at 11 a.m with the parade, which will start at the intersection of Richmond Highway and Fordson Road. The parade route will go down Fordson and finish at the Martin Luther King Jr. Community Park. The grand marshal for Saturday's parade is 98-year-old Ada Singletary, who is believed to be the oldest Gum Springs resident actually born and raised in the community.

Gum Springs is the oldest African American community in Fairfax County. It was founded in 1833 by West Ford, a freed slave who lived and worked on the Mount Vernon plantation. Gum Springs became a safe haven for freed and runaway slaves, who made a living in the then-rural community as farmers, lumber workers and tradesmen.

Highlights from the Community

Funding Approved for Route 1 Widening and BRT Project

Fairfax County's \$127 million request for the Route 1 widening project and its \$260 million request for the Richmond Highway Bus Rapid Transit (BRT) project each got the thumbs up from the Northern Virginia Transportation Authority (NVTA), which is responsible for allocating state funds for regional transportation projects.

No two projects received more funding the two Richmond Highway-related projects, which had topped the county's wishlist to the NVTA. The third-largest chunk of NVTA funding was \$89 million that went to the Route 28 corridor project in Prince William County.

The two projects are at the heart of the Embark Richmond Highway initiative, which was formally adopted into the county's comprehensive plan in March. The eight community business centers planned in Embark would be connected by BRT running from the Huntington Metro to Fort Belvoir, and both projects are necessary to make that happen.

Huntington Levee Almost Complete

After years of enduring major floods and numerous scares during storms, construction of the Huntington Levee is in its final stretch. The relocation of utilities, including overhead power lines and sanitary sewers, is now complete. The embankment is approximately 80 percent complete, and the pump house's structure is in its final stages, with utility work inside of it getting underway.

The pumps are estimated to be running near the end of the summer, Smith said. Once those are ready, the final stages of closing off the 2,800-foot-long earthen embankment and concrete I-wall embankment can begin.

Memory Depot Debuts at Sherwood Regional Library

The Sherwood Regional Library — along with the City of Fairfax Regional Library — has opened new Memory Depots, do-it-yourself stations enabling patrons to digitize materials at no cost.

The stations' technologies will enable the digitization of photographic prints, negatives and slides; scrapbooks and other documents; and VHS video cassettes. Audio cassettes are coming soon, according to Fairfax County's website.

Library staff will provide personal orientations on how to digitize materials. Until the Memory Depot's online sign-up system is ready at Sherwood Regional, patrons are encouraged to call the library directly (703-765-3645, extension #4) or stop by the information desk to make a reservation.
